

# Global Payments Hub

A COMPLETE PAYMENTS PLATFORM, ENGINEERED FOR TODAY'S GLOBAL ECONOMY.

Global commerce finally has a global solution for digital disbursements.

Whether you're paying beneficiaries domestically or around the world, complicated workflows, outdated payout options, and decentralized data can bring your business to a crawl.

Moneycorp's Global Payments Hub addresses these long-standing pain points of domestic and international business payments. The all-in-one flexible payment platform simplifies both payer and payee workflows through a suite of technologies designed to reduce overhead, optimize the payee experience, and mitigate risk.

# Optimizing Your Payments Workflow

SIMPLIFY THE WAY YOU CONNECT WITH GLOBAL MARKETPLACES.

## FULLY CUSTOMIZABLE PLATFORM

Design your own payments workflow dashboard with access to 16+ payment options to choose from, white-labeled design, and approval workflows.

## BUILT-IN PAYEE ONBOARDING

Experience simplified onboarding with customized, region-specific controls and automated validation to ensure error-free data.

## CONSOLIDATED REPORTS

Gain new business insights and reduce escalations with access to streamlined payee data collection.

## SINGLE POINT OF RECONCILIATION

Simplify your outbound payments through a single point of reconciliation, funding, and settlement.

## SCALE GLOBALLY

Easily scale your service offerings into new global markets with payment access to 200+ countries.

## SEND PAYMENTS IN 1, 2, 3...

- 1 Create your company account.** You control user seats, define administrative roles, and customize dashboard visibility for your payee.
- 2 Set up payee accounts via the web portal or batch file upload.** Minimal payee information is required to set up and manage payee accounts.
- 3 Generate payment and perform reconciliation.** Submit payment instructions via batch file upload or API integration. Your reconciliation file is automatically sent to you at the end of each business day.

# Optimize Your Payee Experience

RECEIVE FUNDS THROUGH ONE INTEGRATED PLATFORM.

## RESPONSIVE INTERFACE

Payees can easily access funds from anywhere with our digital, and mobile-responsive portal.

## ROBUST PAYMENT ENDPOINTS

Simplify the incoming payments process by selecting future preferred payment methods.

## SPLIT PAYMENT CAPABILITIES

Experience greater control by defining how to split payment allocations.

## INTEGRATED WORKFLOWS

Payees can gain new insights with integrated EOB, document, and payment request workflows.

## RECEIVE FUNDS IN 1, 2, 3...

- 1 Payee sets up their account.** Payee receives a link via email or SMS to the payer-branded payee portal. Payee provides financial and personal data in the payee portal, with access to a full support desk via email.
- 2 Receive notification of payment.** The payee is notified via SMS or email that a payment is on its way.
- 3 Receive payment.** The payment is executed via the payee's preferred payout method.
